Personal Profile

I am a motivated software engineer who specializes in software programming and computer security. I'm a strong team player who is able to quickly learn and apply new technologies, seeking a position in a growth-oriented company where I can use my skills to the advantage of the company while having the scope to develop my own skills

Work Experience

Junior Software Engineer

Cambrio Software Labs, a Sri Lankan company that provides software services across various industries

March 2020 to Now (2 years, 5 months)

- Maintained a 100% customer satisfaction rating by developing Web and Windows-based softwares and implementing software solutions based on client requirements
- Worked in an Agile (SCRUM/Kanban) environment.
- Boosted team efficiency by 10% by providing direction for business applications that are in development
- Hastened human resources processes by 80% by developing a cloud-based information system that consolidated employee information from various databases and servers

Intern

Cambrio Software Labs

June 2019 to Dec 2019 (6 months)

- Worked with GIT, Jira project management and bug tracking tool
- Managed the changes to work tasks and the work environment
- Coordinated communications between multiple departments and learnt about the operation of the company's programming team.

Education

Bachelor of Science Honours in Computer Science

Institution: University of Colombo School of Computing
Year of Graduation: 2020

- Former President, UCSC Coding Club - 2018
- Recipient of the Student Academic Recognition Award
- Champion, AngelHack Colombo Hackathon 2018
- Vice President, AIESEC - 2019
